

As a resident of Tucson, AZ the only radio stations I listen to are 100.5 and 100.9 as a Christian. These stations are uplifting and help me to make it through the day. The stations help me and others, as I serve my family and community. Tucson really has a need for K-LOVE. There are so many young people here who need to hear the Word of God through music and prayer, through young pastors with a heart for the Lord. We have so many transients and just by listening to K-LOVE, one's heart can only swell to help those in need. Those in need, in the cold winter months ahead might include blankets, food, etc. When listening to K-LOVE, the Lord places burdens on Christian believers hearts and who knows what will happen... The LORD knows though. We have so many teen pregnancies and crisis pregnancies and so many of them come to Christ through K-LOVE. THEY hear the message on the air! Young Christians share with others through music! My belief is that Tucson really is in need of K-LOVE for our teens sake! They need it! They are so lost. Give them a fighting chance. PLEASE! GOD BLESS YOU!
